Underwear and Sweaters

We have Stanfield's two-piece and union suits in three weights. Watson's Underwear for Ladies and Children.

Full Line of Hosiery, Socks, Flannelettes, Flannelette Blankets, Down Quilts, Wool Blankets in grey and white—all exceptional values

See Us for "McIntosh" and "Gravenstein"

APPLES

The best on the market today.

Full Line of Fresh Groceries and Fruits at the lowest possible prices
Bran, Shorts, Wheat, Oats, Etc.

THE STORE THAT SAVES YOU MONEY.

Phone 25 Blairmore

BUY YOUR HEATERS EARLY

There are many reasons for the above suggestion. One of which is that the available supply at the present time is very limited.

Our Very Hot Blast Heaters are by far the best adapted to our local coal. They are heavy brick lined, have roller grates and deep ash pans.

While they last the prices are the same as last year: \$27.00 small size; \$30.00 medium and \$35.00 largest size.

The Blairmore Hardware Co

Local Representative Wanted For "Canada's Greatest Nursery"

To sell our list of hardy Nursery stock. Largest list of hardy varieties, tested and recommended by Western Experimental Stations, including

Fruit Trees, Small Fruits, Seed Potatoes, Tree Seedlings, Rooted Cuttings, For Wind Breaks and Shelter Belts, Ornamentals, Hardy Shrubs, Vines, Roses, Etc.

Liberal commissions, exclusive territory, experience not necessary. Start now, best selling time!

What's a Bolshevik?

Blairmore, Alberta,
October 1st, 1919.

Mr. Editor,
I am frequently asked what is a Bolshevik? By a little change of wording, taken from the Encyclopedia Britannica, it is "One who hath yearnings for equal division of unequal earnings, a loner or knave or both. He is willing to fork out his quarter and pocket your dollar."

A. READER,

Bellevue Rebekahs Will Organize Next Wednesday

We understand that arrangements have been completed for the institution of a Rebekah lodge at Bellevue. The ceremony, which will be in charge of Mrs. R. B. Morden, of Lethbridge, assisted by the district deputy, Mrs. Thompson, of Coleman, and several other prominent representatives of the provincial Rebekah Assembly, takes place on Wednesday evening, next. The degree work will be conferred by a team from Victoria Rebekah Lodge, Coleman.

Hippodrome Circuit To Include Blairmore

Manager Umberto, of the local opera house, has made arrangement with the Hippodrome Vaudeville road shows to appear here every Friday afternoon and night. The Hippodrome shows are direct from New York through all the leading theatres of the States and the Dominion, and are clean, classy and entertaining, and should be well received here.

Pincher Creek Old-Timer Passes Away

After months of failing health, Mr. James Daniel Boyes, aged 71 years, passed away at Pincher Creek on September 22nd. Deceased was one of the oldest residents of that district, coming out from Hamilton, Ontario, in 1901. Besides his wife, he leaves four daughters and three sons to mourn their loss. The daughters are Mrs. T. H. Moore, of Calgary; Mrs. C. Lynch-Staunton, of Lundbrook; Mrs. G. A. LaVoie, of Quebec City, and Mrs. G. H. Dionne, of Pincher Creek. The sons are Frank Boyes, of Ontario, Cal.; George, of Washington; Miles, of Pincher Creek. A sister, Miss Boyes, of Pincher Creek, and brothers Dr. Boyes, of Hamilton; G. A. Boyes, of Swift Current, and G. A. Boyes, of Binbrook, Ont., also survive him.

Frank Entertains Prince

There was no joke about the way the good people of Frank entertained the Prince. The whole population with exception of forty-two families who were not aware of an approaching excitement, met the train at the depot and escorted the royal party to the big smelter, where the manager and his staff very briefly explained how the ammunition for Canada's great army was so promptly supplied from this mammoth plant. Next a visit was made to Beach's tame chicken ranch. The perches here were occupied by Professor Anderson's orchestra. The stage and other settings were tastefully arranged and the lay music was delightful. A visit to the still reminded His Royal Highness of the good old days when Canada was obliged to run distilleries to capacity to meet the requirements over in England. Now England had become self-supporting in this respect and with advanced systems of education, everyone was able to manufacture their own requirements at a minimum of cost. After being escorted to the big flock in the Slide, he was introduced to a bunch of school ma'ams who had waited up all night so as not to disappoint His Royal Highness. On return to Frank, hot cakes and chop suey were served at the Chink's restaurant. The royal party left for Lethbridge at 8:01, where lunch will be partaken of—Alek's Dream.

Pass Organizes For Victory Loan Campaign

Mr. Walter E. Holt paid a visit to Blairmore on Wednesday of this week for the purpose of organizing The Pass district for the coming Victory Loan campaign. A meeting was held at the Cosmopolitan hotel in the evening, which was well attended. Mr. Rhynas acted as secretary of the meeting, while Mr. Stevenson, of Hillcrest, occupied the chair. The election of officers resulted as follows: President O. E. S. Whiteside; Secretary J. R. Smith; Captain R. Green, Blairmore; G. Cruickshank, Hillcrest; James Naylor, Frank; John Kerr, Passburg; with appointments to be made at Bellevue and Coleman. Captains will select their respective teams. The sum of \$200,000 is assigned to be raised by The Pass district.

DOMINION LANDS

Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 7th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By order,

L. PEREIRA,
Secretary.

Would Have Senate Take Definite Stand

Pueblo, Colo. — Reducing his fight for the peace treaty to a direct issue of acceptance or rejection, President Wilson has invited the senate to take a definite and unmistakable stand one way or the other.

Referring to objections that the United States might be at a disadvantage in the league, Mr. Wilson said whoever said that "either was falsifying or had not read the covenant." He added that there was no validity in the argument that the British Empire could outvote the other nations, because the empire's six votes are in the assembly, which is only the "talking body" of the league. The real power of action, he said, was in the council, whose decisions must be unanimous.

To Deal With Hutterites

Manitoba Great War Veterans Ask More Drastic Observance of Regulations

Winnipeg.—That more stringent measures be taken to prevent the admission of Hutterites to Manitoba, that all Hutterites already here be asked to take out naturalization papers on penalty of deportation, that all, irrespective of anything else, be asked to sign a statement to the effect that they are willing to abide by the laws of the country, including that regarding military service, and that those who refuse be deported at once, is the effect of a resolution passed by the provincial command of the Great War Veterans' Association.

Oxygen Blast Fatality
Montreal.—One man was fatally injured, while 14 others were severely burned and some 25 others had narrow escapes from death at No. 1 shed of the Canadian Vickers plant, Montreal, when a tank containing oxygen caught fire and exploded. The cause of the accident has not been ascertained, but it is thought that the tank was leaking and that the gas caught fire through a small force which stood nearby.

The dead man is James Fairholm, age and address so far unknown.

World Conciliate China
Tokyo.—Japan is planning officially to invite China to confer on the Shantung situation after Japan has ratified the peace treaty. This fact was communicated to the correspondent by officials, who added that Japan naturally could not compel China to accept the invitation.

Anti-Bolshevik Plot
London.—A Bolshevik wireless dispatch reports the discovery of an anti-Bolshevik plot, with ramifications throughout Russia, which led to the capture and execution of 66 men on charges of conspiracy. The plot is said to have originated in Moscow.

Land Settlement For War Veterans

Ottawa.—At the opening of the session of the special committee of the House on soldiers' civil re-establishment, the telegram from the United Veterans' League, formerly the Gratiuity League, demanding representation before the commission, came up.

The Imperial veterans of Vancouver had also asked that a representative be heard, and it was proposed to hear their delegates this week.

Brig-Gen. McLean suggested that the secretary of the Imperial veterans at Winnipeg be asked that a delegate be appointed and notify the Vancouver branch what had been done, and asking if that was satisfactory. This was finally put in the form of a motion and carried.

Commandant J. G. Evans, of the Army and Navy Veterans, Kingston, requested that "his organization be given a hearing by the committee. It was decided to get in touch with W. J. Tupper, Dominion president of the Army and Navy Veterans, asking that he take any action necessary toward appointing a delegate representing the whole organization.

S. Maher, secretary of the Soldiers' Settlement Board, was recalled and questioned regarding costs of administration and the advances made to soldiers. By the end of this year it was expected that the outlay for the department would be \$48,000, 000 for loans and administration. The estimate of \$150,000,000 for fifty thousand soldiers who were expected to

Big Problem For D'Annunzio

Increase In Number of Men Brought About Question of Maintenance

Trieste.—Additional reinforcements to Gabriele D'Annunzio's forces have raised the military strength of his contingent to more than 12,000 men, according to the estimates of allied officers returning from Fiume.

The great increase in the number of D'Annunzio's men has brought about the serious question of their maintenance, in view of the blockade of the port, and D'Annunzio has been compelled to request other persons who have offered him their services to stay at home and hold themselves in readiness for a call.

Paris.—An Italian detachment with several armored motor cars has crossed the line of demarcation near Toggire, Dalmatia, and penetrated the town after having overcome the resistance of a dozen Jugo-Slavs, according to a dispatch from Belgrade received here.

The dispatch adds that the United States vessels have left Spala for Toggire.

Around The World By Plane

Aero Club of America Will Set Plans for Huge Aerial Derby

New York.—Plans have been formulated for an aerial derby around the world, for which the prizes may total \$1,000,000, it was announced here by the Aero Club of America.

A special commission has been appointed to make a tour of the world to arrange stopping places, obtain referees and organize committees in every country through which the racers will pass.

League Can Exist Without U.S.
Paris.—In an explanation to the Chamber of Deputies, Premier Clemenceau, after declaring that the League of Nations could exist even though rejected by the United States senate, asserted that it was precisely because the French felt that the League of Nations was an insufficient guarantee for some years to come that the protective treaty of alliance between France, Great Britain and the United States was drawn up.

General A. Ross Sworn In
Toronto, Ont.—Brig-Gen. Arthur Ross, of Kingston, was sworn in by the Lieutenant-Governor, Sir John Hendrie, as minister in the Heast government without portfolio.

As announced by Premier Hearst, the Soldiers' Aid Commission and the Soldiers' Settlement are to under the administration of the new minister.

take loans, did not take into account the settlement of British ex-servicemen. Many enquiries from this class of men were being received.

About two-thirds of the 4,128 soldiers taking up grants, exercised their rights to take up homesteads. It has been the policy of the board to try and settle men near railroads. In that case there were few homesteads available for entry.

In reply to Mr. MacNeil, Mr. Maher said there were no figures available of the number of men disqualified because of inability to provide the necessary 10 per cent. cash payment. It would be difficult to secure any figures.

The matter of settling imperial soldiers, ex-servicemen, on the land was receiving serious consideration, said Mr. Maher. It was felt that it would be about all the load the board could handle in placing Canada's soldiers on the land.

Mr. MacNeil asked if there was not a considerable amount of land available in unimproved land, now held under reserve.

Major Ashton answered that some thirty thousand acres of Indian reserve land would soon be made available for sale to the soldiers. Several townships of forest reserves had also been freed and several other townships were under investigation. These lands go to the soldiers free of purchase. Certain grazing leases are being investigated.

No grazing lease lands had yet been released for soldier settlement.

No Discrimination Against Farmers

Board of Commerce Designs to Enquire Into Profits of Manufacturers

Toronto.—"There is nothing in the charge that the farmers have been discriminated against," said Major Duncan, local representative of the Board of Commerce, in answering the allegation of spokesmen of farmers that produce had been the subject of all the country's probing to far, and other necessities of life had been, so far, left untouched. "The court has been created but a short time," he said, "and it chose to investigate first what it considers the most pressing cases. It will reach the clothing and boots and shoes and other industries in a short time—as soon as possible."

Retain Oil Fields For People

Would Have Western Lessees Arranged to Allow Independent Companies to Have Chance

Ottawa.—Col. J. A. Currie, North Simcoe, has given notice of the following motion:

"That in view of the indications of great oilfields existing in northern Alberta and Saskatchewan, the law governing leases to oil prospectors should be changed so as to encourage independent oil prospectors, and at the same time preserve a royalty on the oil found for the benefit of Canada."

"That the civil service commission should be enlarged so as to give representation to returned soldiers on said commission."

"That a general amnesty should be granted to soldiers undergoing terms of imprisonment for military offences committed during the war."

Profiteers In Montreal

Charging Sixteen Cents a Slice for Apple Pie

Montreal.—Charges were made before the Board of Commerce that restaurants were charging sixteen cents a slice for apple pie, that false tins manufactured at five dollars a set were sold at 200 per cent. profit, that sugar was retailed at thirteen cents a pound in many cases and could not be secured at all unless other goods were purchased in others, and that bread was sold at excessive prices.

Dr. S. G. G. of the Baby Welfare League, urged that there should be some control of the price of milk. He also said that an investigation conducted by the league last summer in the poorer districts of Montreal showed that in sixty-five per cent. of the cases investigated the milk being supplied was unfit for human consumption.

To Sell Surplus Grain

Amendment to Act Provides for Sale of Excess to Defray Administration Cost

Ottawa.—An amendment to the Grain Act, of which notice has been given, provides that if the amount of grain in an elevator on August 31 is in excess of one-quarter of one per cent. of the gross amount of the grain received in the elevator during the crop year, such excess surplus shall be sold by the Board of Grain Commissioners and the receipts applied toward the cost of administration of the Canada Grain Act.

Threaten Italy With Boycott
Paris.—President Wilson has made some reply to the proposition of neutralizing Fiume and the internationalization of the docks and railways. The nature of the reply is not disclosed, and the American peace delegates refuse to discuss it.

In Italian circles, however, it is reported that President Wilson has rejected the proposal and has threatened an economic boycott, if Italy persisted in holding Fiume without an agreement having been reached among the powers.

Demand Nationalization of Mines
London.—The parliamentary committee of the Trades Union Congress has drafted a demand for presentation to the government on August 31, for the nationalization of mines, in pursuance of the resolutions of the recent Glasgow congress.

It is understood that the demand is not an ultimatum, but that it is couched in strong terms.

Vancouver, B.C.—The steel steamer War Chariot was successfully launched from the Coughlan yards, Mrs. George Edwards, wife of the chief accountant, acting as sponsor. The War Chariot is the last of the Imperial munitions board steamers to be launched here under the war time orders.

W. N. U. 1283

Senate Labor Probe

Labour-Commission's Investigation of Nation-Wide Steel Strike

Washington.—Arrangements have been completed for the beginning of the senate labor commission's investigation of the nation-wide steel strike. Chairman Kenyon announced receipt of assurances from John Fitzpatrick, chairman of the strikers' committee, and from the steel industry, that he would be on hand to present labor's side of the controversy.

Senator Thomas, Democrat, Colorado, in an address on the floor of the senate, criticized the strike in bitter terms, declaring it had been called on the thinnest excuse, and that the principal object was "to disturb and bedevil industrial conditions" and that the participation of hundreds of thousands of men in strikes throughout the country being almost civil war.

Primary objects of the senate investigation, Senator Kenyon said, would be the setting forth before the public the real causes and objects of the strike. Fitzpatrick, as well as Chairman Gary of the United States Steel Corporation, who is said to appear Wednesday, according to Senator Kenyon's plan of procedure, first will be asked for a detailed statement and then be subject to cross-examination by all members of the committee. It is hoped to complete the enquiry and return a report to the senate within a fortnight.

Senator Kenyon holds the hope that the investigation, in its enlightenment of the public, may affect the progress of the strike. The committee intends to learn from both sides of the dispute, exactly how many men and plants are affected, how many steel employees are union men, and how many non-union, what percentage remain "loyal," what collateral unions and industries are involved, and what conditions immediately led to the strike.

Good Crops In Dry Districts

Late Frost Proving Most Profitable Crop in Swift Current District

Swift Current, Sask.—No frost has yet appeared in this district, the year having established a record in this regard. As a consequence many farmers have started cutting fields of flax that promise excellent yields in many instances. Fortunately, taking the district as a whole, there is a large amount of late flax, and it now seems assured that most of it will be successfully harvested. One farmer in the vicinity who counted on no crop is realizing over \$4,000 from his flax, besides having a goodly amount of feed from late oats.

Fire in New Parliament Buildings

Ottawa.—The new parliament buildings were the scene of a fire, and but for the fireproof construction a conflagration such as that of February, 1916, might have ensued. The blaze occurred in an inside room in the basement among some boxes, and the firemen had to drag their hose through corridors, etc., in order to reach the fire. The damage to property was about \$2,000, but whether the dense smoke which resulted will injure any of the new painting or plaster is problematical.

No Danger From Germany

Paris.—When the Chamber of Deputies resumed discussion of the German peace treaty, Andre Tardieu refuted certain objections to the treaty made by M. Marin regarding the military forces Germany will be allowed to maintain. M. Tardieu declared the German army should be reduced, under the terms of the treaty, to a sort of gendarmerie, and asserted that France had sufficient guarantees for the execution of the military clause in the treaty.

China's Peace Decoration

Peking.—In the mandate issued by President Hsu Shih Chang, formally declaring the state of war between China and Germany at an end, General Tsoai Chi-ta, the former Premier who was responsible for China's declaration of war, was awarded a decoration. The honor accorded him is in the bestowal of the Grand Order of Merit.

Grain Act Amendment

Ottawa.—Sir George Foster, Minister of Trade and Commerce, has given notice of an amendment to the Grain Act, providing that in the month of August in each year, after the date ending August 31, 1910 stock shall be taken of the quantity of grain in the terminal elevators.

Wants Canadian Cattle

London.—The Daily Mail, in an editorial urging greater food production, more the importation of cattle from Canada should be permitted.

Plea For Solidarity Between The Allies

Salvaging Old Bullion

Difficulties of Getting Up Bars of Specie Are Immense

London.—A good many exaggerated estimates have been put into circulation regarding the success of the bullion salvaging operations, in connection with the steamship Laurentic, which lies a few miles off the entrance to Lough Swilly. The facts are that of the \$35,000,000 worth of specie which the liner was carrying to America when mined in January, 1917, probably less than \$2,500,000 has been recovered. Of this about \$1,250,000 was salvaged a year ago, when operations had to be suspended owing to German submarine activities.

It is not so much the actual hooking up of the bars of gold that is difficult, as the dealing with the hundreds of tons of metal plates of the wreck. These have to be blown up with gelignite and shifted before the bullion can be reached. Each bar is worth about \$6,000, and the recovery of two bars is reckoned a fair day's work. When a sufficient consignment has been got together, it is sent in charge of a naval paymaster under a strong escort to London, and at various points on the journey the officer is met by government officials, to whom he reports "all safe."

For A New Palestine

Proposal For A Union of Palestine, Syria and Mesopotamia

London.—Habibi Lutfallah, chief European representative of the Syrian union committee, informed the Associated Press that Prince Feisal, son of the King of the Hedjaz, has tentatively accepted a proposal drawn up by the committee for a union of Palestine, Syria and Mesopotamia. Prince Feisal's acceptance, he said, was given on condition that the British Government approved the plan. The proposal already has been laid before the government, he added, which is considering it.

The scheme provides for the appointment over the united nations of a governor-general to be selected by Great Britain, France and Syria. The governor-general, a chamber and senate representing three different states on a democratic basis, and the drafting of a constitution.

American Marines Take Action

Campagna.—United States Marines landed from a torpedo-boat destroyer to compel the Italians to evacuate Trau, Dalmatia, according to a dispatch received here from Spalato. The dispatch adds that the Italians then after the inhabitants fired on them as the Jugo-Slav troops took over the town from the United States soldiers.

Irish Doctors Strike

London.—The doctors of Dundalk, Ireland, went on strike to enforce demands for a minimum salary of seven guineas (about \$35) weekly for all public services. Their present salaries average £25 a year. A number of patients applying for treatment at dispensaries have been refused.

Postal Notes for U.S. Forbidden

Ottawa.—Owing to the high rate of exchange on New York, the post office department has issued instructions that no further postal notes whatever will be sold for remittance to the United States.

May Avert Strike On British Railways

London.—By a curious coincidence on the day Sir Eric Geddes has formally taken up his new duties as Minister of Transport, the government was confronted by the ultimatum threatening the stoppage of the whole railroad system of the country, unless a basis for the standardization of the men's wages, which has been in dispute since the month of March, is settled to the men's satisfaction. When it is remembered how fierce was the opposition to Transport Bill, which created the new ministry, met in its passage through parliament, the coincidence is perhaps not without significance.

The suddenness of the action of the National Union of Railwaymen, the more inexplicable as, by agreement, the war wages of the workers would operate until the end of the year, allowing still three months for further negotiations.

It is recalled that the Glasgow congress avoided a strike by direct action, and the Miners' Federation is at present engaged in a great campaign to secure nationalization of the mines, which the Government has far refused. The question is being asked by the public whether there is some political motive behind the railwaymen's ultimatum.

The cabinet sat for three hours considering the crisis, after which it authoritatively announced that the Government had indicated its willingness to continue the negotiations on the ground that "some misunderstanding" existed.

Sir Eric Geddes consented to meet the men's leaders, and the possibility of avoiding a strike, therefore, looks more hopeful.

Paris.—Premier Clemenceau delivered his long-expected speech in the debate on the ratification of the peace treaty in the Chamber of Deputies. The whole trend of his arguments in favor of the treaty was one of solidarity between the allies, who, united in war, must be united in peace.

M. Clemenceau admitted that the treaty contained many imperfections, but said it was the culmination of the work of "the coalition of liberation," the first of its sort in the history of the world, as the treaty was the dawn of a new era. He recalled the dark days of 1917, and declared to the opponents of the treaty that if a peace proposal had been rejected a year ago, when operations had to be suspended owing to German submarine activities, the insertion of any other clause, but would have accepted it.

The treaty brought back more than the last provinces; it placed France on the highest pinnacle of fame and honor, and in a few years would bring prosperity. Those who had spoken in the debate, the Premier pointed out, had criticized the details of the treaty, which must be considered, accepted or rejected as a whole, whether the instrument was helpful or harmful to France.

The Premier's effort was tremendous. He remained on the tribune for more than three hours. Many times he seemed to weaken, his voice becoming so low as to be almost inaudible beyond the first row of government benches. But he waved off the advice from all quarters of the chamber for rest and doggedly continued to display his indomitable spirit.

Austria Wants Monarchy

Movement Afoot to Restore Hapsburgs By Choice of Young Archduke Otto

Geneva.—A movement is on foot in Hungary to restore the monarchy with the former Archduke Joseph Otto, eldest son of the former Emperor Charles, as king, according to a Budapest dispatch. The former emperor would be named regent, the dispatch adds.

The Archduke Francis has not yet reached his seventh birthday, having been born November 20, 1912. Former Emperor Charles and Empress Zita were last reported as living quietly in a chateau at Prangins, Switzerland, near the shores of Lake Geneva.

To Buy Cereals

Buenos Ayres.—Coinciding with the request made on behalf of Germany for a \$100,000,000 loan with which to purchase raw materials from Argentina, the Argentine committee of the Chamber of Deputies made public a majority report of the committee which would authorize the government to open a \$200,000,000 credit for Italy, France and Great Britain, of which amount 75 per cent. would be spent in the purchase of Argentine cereals. The loan would run for two years and bear interest at 5 1/4 per cent.

To Settle Irish Question

London.—The Evening News announces that as the result of a consultation by the Cabinet with Viscount French, the Lord Lieutenant of Ireland, another attempt will be made by the Government to settle the Irish question, and that Viscount French will retain his office.

The saving in the Soup Tureen

Bovril makes soups and stews so much more nourishing that they can often take the place of expensive joints. It saves many dollars in the kitchen. Bovril is the concentrated goodness of the best beef—so strong that it cannot possibly be manufactured in cheap cubes. Insist upon the real thing—Bovril in the Bovril bottle.

BEECHAM'S PILLS

Constipation is the arch-enemy of health. Conquer this enemy and you rout a whole army of physical foes, including indigestion, biliousness, sick headache, sleeplessness and nervous dyspepsia. Beecham's Pills have been a world-favorite laxative for over sixty years. They go straight to the cause of many ills and remove it. They act promptly, pleasantly and surely. Contain no habit-forming drug. These time-tested pills strengthen the stomach, stimulate the liver and

Relieve Constipation

Worth a Guinea a Box.
Prepared only by Dr. J. C. Beecham, London, England.
Sold everywhere in Canada and U.S.A. In boxes, 25 cents.

Wouldn't Hurt 'Em.
Visitors: "You keep your pigs much too near the house."
Cottager: "That's just what the doctor said. But I don't see how it's agoin' to hurt 'em!"

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are mild but thorough laxative, which never fail to regulate the bowels and stomach, thus driving out constipation and indigestion, colds and simple fevers. Concerning them Mrs. Gaspard, Daigle, Demaree, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy, who was suffering from constipation and indigestion. They quickly relieved him, and now he is in the best of health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Prohibition, observes a contemporary, has fairly taken some people's breath away.

Minard's Liniment Cures Burns, Etc.

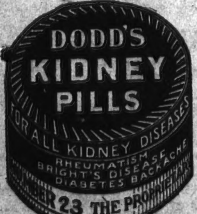

Hudson Bay Minerals

Say Secret Mine in Hudson's Bay Has Been Worked Since 1710.

The Pas, Man.—That the Hudson Bay company has carried on secret mining operations on the east coast of Hudson Bay for two hundred years is the startling report received at this place. The location of the mine is stated to be at Little Whale River. The report has created the deepest interest and it goes on to say that the ore is taken back to England as ballast in the company's ships after they are emptied of trading supplies delivered at various posts dotting both sides of the bay. The practice dates back to 1710, when the mine was discovered, and since worked by the factor and his men of Little Whale post.

Prof. J. B. Tyrell, who is here to examine the mineral belt, says he has heard of the mine, but he did not think it was being worked at present. He was unable to give any particulars concerning it, but he thought the ore was galena carrying some values in lead and silver. Further information, he said, might be obtained from the company's head office at London.

Notwithstanding his unenviable shape and short legs, the rhinoceros is one of the most agile of beasts. A horseman can scarcely manage to overtake him, and in strength he is perhaps unsurpassed by any animal in the forest. In single combat no animal but the elephant can stand up against him.

Less Wheat Sown in Britain

Farmers Keep Up Livestock, But Dairying Declines
London.—Provisional estimates by the Board of Agriculture show a decrease of 246,000 acres sown to wheat during the war, though there has been a slight increase in the area of arable land since 1918.
While an estimate of the livestock indicates that the number of cattle has been maintained, there is a falling off in dairying. The flocks of sheep are smaller than any recorded yet.

The favorite word with a woman is the last one.

Impurities of the Blood Counteracted.—Impurities in the blood come from defects in the action of the liver. They are revealed by pimples and unsightly blotches on the skin. They must be treated inwardly, and for this purpose there is no more effective compound than Beecham's Vegetable Pills. They act directly on the liver, and by setting up healthy processes have a beneficial effect upon the blood, so that impurities are eliminated.

Honesty among Icelanders is so severe a faith that thefts are unknown, though locks, bolts and bars are never used. Of the only two acts of felony within the last eight or nine centuries, one was committed by a German settler, who was compelled to make restitution to his victim, and then given the option of death or speedy emigration.

A SAD TRAGEDY

It often happens—your sore corn is stepped on. Why not use "Putnam's Corn Extractor." It cures in one day. Absolutely no pain. With "Putnam's." Use no other, 25c at all dealers.

Winnipeg Doctor in Serbia

Well Equipped Canadian Hospital Devoted to Stricken People
Montreal.—A copy of a Belgrade newspaper, which has just come to hand from Serbia, reports the arrival in that city of Col. Fred E. Burnham, early this year, who left Winnipeg with a well-equipped Canadian hospital which is to be devoted to the stricken people of that country. Dr. Burnham was in Serbia during the greater part of the war as a Red Cross worker, and he was so impressed by the needs of the people from the medical standpoint that he returned to Canada and organized a Canadian unit.

China at Peace With Germany

Washington, District of Columbia.—Under date of Sept. 15, the Government of China issued a mandate declaring that China is at peace with Germany, the State Department announced. The delegates of China at the peace conference declined to sign the treaty of peace because of the clause awarding to Japan the economic rights of Shantung, formerly held by Germany. By the action of Sept. 15 China undertakes to return to a status of peace without formal treaty with Germany.

No house in London is more than two hundred yards from a mail box or a branch of the general post office.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for women's ills.

Over 300,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

These Days

Hicks: I say, waiter, where's my coffee?
Waiter: You just drank it, sir.
Hicks: What! I thought that was the soup!

The Dyaks of Borneo eat snakes and alligators, but their favorite dish is roasted monkey with the hair on.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for cats will never again send electric shocks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called frezone, applied directly upon a tender, aching corn instantly relieves the pain and soon the corn, root and all, lifts right out. This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of frezone obtained at any drug store will cost very little, but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

Howell: "Your wife is a decided blonde; isn't she?"
Powell: "Well, at times, but just before she goes to the drug store she is a little undecided."

In the Saragossa Sea the gulf weed is so densely packed as to impede the passage of the largest ships.

Eighty-five per cent. of lame people are affected on the left side.

Does your watch tell time in the dark?

Ingersoll Radiolites do.

First German Cargo Arrives

Former Hamburg-American Lines

New York.—The 1,500-ton steamer *Jason*, formerly of the *Virginia*, of the Hamburg-American Lines, has arrived here bringing the first cargo from Germany since the war ended. The ship left Hamburg, Germany, September 3, in charge of Captain W. H. Bevans.

Bevans said he took a cargo of meat to Germany and brought back 350 tons of sugar beet seed, plate glass, artificial flowers and beaded handbags.

The port of Hamburg is practically stripped of shipping, Bevans said. He saw only six steamers in the harbor there, and said three more were being constructed, including the *Bismarck*, which will be the largest vessel afloat. Food is plentiful in Hamburg, he asserted.

No Calls for Jail Food

Butte, Montana.—In July no prisoners were fed in the city jail at Anaconda, Montana, a city of 12,000 people. Only 36 arrests were made by the city officials during the month, and no prisoners were in jail long enough to be fed. This condition contrasts strongly with the situation before Montana went dry.

Catarh Cannot Be Cured

By LOCAL APPLICATION, as the catarh cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions. MILLER'S CATARRH MEDICINE will cure catarh. It is taken internally and acts through the blood on the mucous surfaces of the system.

MILLER'S CATARRH MEDICINE is composed of some of the best known, combined with some of the best known. The perfect combination of the ingredients in MILLER'S CATARRH MEDICINE is what produces such wonderful results in catarh conditions.

Druggists 75c. Testimonials free. F. J. Chesney & Co., Props., Toledo, Ohio.

Unchangeable Teuton

Germany is always ready to change sides, to repudiate a pledge, and to betray a friend, but amid all her infidelities she is constant to the purpose of her unalterable ambition. If Germany cannot actually rule Russia and possess the vast potential riches of the Slav dominions, Germany intends to rule the rulers of Russia, whoever they may be. Therefore it was first of all necessary to weaken Russia; and as no solvent more effectually destroys the national fibre than the virioli of anarchy, so Germany inspired, encouraged and subsidized the Bolshevik leaders in Russia—London Morning Post.

A man's hair, it is estimated, turns grey five years earlier than a woman's.

One thousand six hundred wagon loads of meat and salt are removed daily from the streets of London.

Its Virtue Cannot Be Described.—No one can explain the subtle power of Dr. Thomas' Electric Oil postulated. The originator was himself surprised by the wonderful qualities of this medicinal preparation.

Tragic Pens
At the prison of St. Paul, at Lyons, France, there is a curious collection of pens. They are the pens with which the executioners signed the regulation receipts for the prisoners handed over to them to be guillotined. At each execution a fresh pen is used for the purpose, and the ink is left to dry upon it.

Miller's Worm Powders will not only expel worms from the system, but will induce healthful conditions of the system under which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain, and there can be no comfort for the little one until the cause of suffering be removed, which can be easily done by the use of these powders, than which there is nothing more effective.

What He Plays

Two men who had been old school-fellows met the other day in a restaurant. After exchanging greetings, one said: "By the way, old chap, when at school you used to be rather fond of music. Do you play any instrument now?"

"Yes," was the reply; "second fiddle at home."

Anthema Overcome.—The triumph over anthema has assuredly come. Dr. J. D. Kellogg's Anthema Remedy has proved the most positive blessing the victim of asthmatic attacks has ever enjoyed. Letters received from thousands who have tried it form a testimonial which leaves no room for doubt that here is a real remedy. Get it today from your dealer.

A Bedouin marriage does not take much time. The bridegroom kills a sheep and spills the blood on the sand of his father-in-law's threshold, and the wedding is over.

PIMPLES ITCHED AND BURNED

Face Was Badly Disfigured. Cuticura Soap and Ointment Healed.

"I have an advertisement for Cuticura and I tried them. They stopped the itching and burning and I used four cakes of Soap and three boxes of Ointment which healed me." (Signed) Miss V. A. Haynes, Bloomington, N. S., Dec. 20, 1918.

The Cuticura Toilet Trio, consisting of Soap, Ointment and Lotion, promotes skin purity, comfort and health when used for every-day toilet purposes. For Sample Book Free by mail, address: Cuticura Dept., Boston, U.S.A. Sold everywhere.

American Settlers in Canada

Regina, Sask.—Good prices are being paid by American settlers for farm lands in the vicinity of Regina, and a considerable amount of land is changing hands. Two farmers from Iowa have just purchased two sections near Gray at \$100 an acre, and a second price of \$110 was paid for the How farm at Rouleau, on the Soo line.

Neutral Zone May Be Established
Copenhagen, Denmark.—The conference between the Estonian, Lithuanian and Finnish prime ministers and the Finnish Minister of State considered the peace proposals of the Soviet Government and the general situation, including the establishment of a neutral zone between the border states and Russia, and other measures which might prevent the Bolshevik movement spreading to the border states. The official report states that a definite line will be taken when the representatives have conferred with their respective governments.

W. N. U., 1283

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's Prayer of Thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

Need Divides Itself in Two Parts

Obligations to Soldiers

The answer to the question "Why does Canada need another Victory Loan?" divides itself into two parts. (a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers. (b) To provide national working capital.

The obligations to soldiers include: That already incurred cost of bringing home troops from overseas. The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged. The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended. These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

There is also the gratuity which has been authorized, and has been and is being paid to assist soldiers to tide over the period between discharge and their re-adjustment to civil life. For this purpose alone, \$61,000,000 must be provided out of the Victory Loan 1919, in addition to the \$59,000,000 already paid out of the proceeds of the Victory Loan 1918.

Furthermore, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 29,495 soldiers had applied for land under the terms of this Act; and 22,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires \$24,000,000.

For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$57,000,000 is necessary.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

These national expenditures are war expenses. They will be accepted readily by every citizen who gives thought to the task which Canada faced following the Armistice, and to the success with which she has met it.

National Working Capital

Canada needs national working capital, so that she may be able to sell on credit to Great Britain and our Allies the products of our farms, forests, fisheries, mines and factories.

You may ask "Why sell to them if they can't pay cash?" The answer is, "Their orders are absolutely essential to the continuance of our agricultural and industrial prosperity."

The magnitude of these orders and the amount of employment thus created, will depend upon the success of the Victory Loan 1919.

The "Why" of Credit Loans

Farmers and manufacturers (and that includes the workers on these orders) must be paid cash for their products. Therefore, Canada must borrow money from her citizens to give credit, temporarily, to Great Britain and our Allies. Actually, no money will pass out of Canada. If Canada does not give credit, other countries will, and they will get the trade, and have the employment that should be ours, to distribute amongst their workers. And remember, we absolutely need these orders to maintain employment. If we don't finance them business will feel the depression, employment will not be as plentiful, and conditions everywhere will be adversely affected.

For Transportation

Money must also be available to carry on the nation's shipbuilding programme, and other transportation development work.

For loans to Provincial Housing Commissions who are building moderate priced houses. These, then, are some of the things for which Canada needs national working capital. She is in the position of a great trading company, and her citizens who buy Victory Bonds are the shareholders.

ANNOUNCEMENT

WE beg to announce that we have purchased the business until recently owned by Messrs. Satoris and Co., and known as the Blairmore Meat Market Co., and are prepared to serve the trade with first-class goods, in the line of Meats, Butter, Eggs, Produce, etc.

GIVE US A TRIAL

The Blairmore Meat Market

JEAN FOURNEAU, Prop.

Phone 29

We have been asked how far it is from Blairmore to Oulu Hing. In referring back to our geography we find it's about the same distance as from here to Hong Kong—both are in China.

The guy who passed a spurious German coin over Mike Ross for fifty cents' worth of modern 'ner-handies is a criminal of the worst kind and should be tied to a bed post and soaked till good and drunk.

His Majesty King George V. has been pleased to award the Imperial Service Medal to Isaac William Bartlett, father of the proprietor of this paper, ex-inspector of police and one of the few survivors of the original Newfoundland imperial force, in recognition of long and meritorious service in the New-land constabulary. Inspector Bartlett has just retired after serving for about fifty years as a police officer.

A story that we dare not tell and which a most very prominent gentleman took an active part, occurred in Calgary a few days ago. It seems that parties who approached a medico with all kinds of ailments for which whiskey might be a stimulant, collided at most head on with the same medico's car when rounding a corner an hour later at a regular joy-ride pace. The roll call next day showed that all had recovered from the incident and "huh!" is now the word.

Our appeal for separation from Jack O'Neil has been granted, and P. Burns & Co. will next week move into their beautiful new store and offices. The new premises were built under the supervision of Mr. Woodyard, one of the most capable builders in the company's employ. The main building is of solid brick, with airspace in all walls for frost protection purposes. The interior appointments are modern and perfect, nothing wanting that would tend to properly serve the trade.

New Pensions Bonus Has Been Granted

OTTAWA, Sept. 28.—Canada is at present paying war pensions to nearly 80,000 at an annual amount of \$24,000,000 and on her Pensions act, which became effective on September 1, the majority of these will receive bonuses and increases, which in the aggregate will create an additional annual expenditure of roughly \$1,000,000, says an official statement issued by the board of pension commissioners. Just how this additional expenditure is to be distributed may be seen from the following figures.

A 20 per cent. bonus, payable for one year, is to be added to the pension of the disabled private. To the totally disabled man, this represents an increase of \$120, making his annual pension \$720 instead of the former \$600. The former sergeant or company sergeant-major, totally disabled, will have his pension raised to an annual sum of \$720 from the former amount of \$637.50, roughly a 13 per cent. bonus. The annuity given to those to which totally disabled men are entitled, men with lesser disabilities, of course, received smaller amounts, according to the degree of their disability. These bonuses are only payable to the ranks mentioned or corresponding ranks, commissioned officers and warrant officers being excluded from receiving them.

The additional pensions for married pensioners of \$96 per annum, (for a totally disabled man) is to be permanently increased to \$180, and made payable to all ranks.

Pensions for Children

The additional pension allowed for children is also made equal for all ranks. The war widow, whose husband was killed in private, is to have added to her present pension of \$480 per annum the sum of \$66, bringing her total pension annually up to \$546; the widow of a sergeant having her pension raised to \$576 from its former total of \$510. These increases are bonuses of percentages, corresponding to those payable to the disabled pensioners, previously described.

In addition to their personal bonus, widows who have been left with children will have the additional pension allowed for the first child increased by \$36, making the total \$180 per annum instead of \$144.

The pension for the oldest orphan has also been increased from \$280 to \$360 per annum.

The adjustments made necessary through these increases have already been made.

The September pension checks payable at the new rates will be issued promptly at the end of the month.

ROSPERITY!
RESERVES
OUR
RESENT
ROUD
OSITION!
REPARE TO
USH IT!**

Jim Sherlock spent last week-end in Blairmore, superintending the snowfall.

Mr. Walter E. Robt. the Victory Loan organizer for The Pass, returned to Calgary on Wednesday night.

Owing to the weatherman, the dentist, or some other creature over which we had no control, our paper is belated a few hours this week.

Miss Mary L. Walsh has resigned her position with the West Canadian Colonies here, to take effect this week-end. Miss Walsh goes to Winnipeg and will shortly enter upon a new vocation.

"The End of a Perfect Day" is the title of the beautiful Irish play that the Colonial Comedy Company will present at the opera house on Wednesday night next, and a more delightful romance of love, laughter and tears has never been

seen. The entire story is running over with delightful Irish wit and clever situations. All the players are types especially engaged from New York. The entire cast is made up of high-class performers and the stage settings are said to be complete in every detail.

An exchange comments on the road condition through this corner of the province, and in part says: "A splendid road has been built from Lundbreck west, to connect up with the interprovincial road to Spokane, and autists touring the Dominion will now find the most pleasant ride of their journey over this connecting link between Ottawa and Washington."

The Rev. William Evans, one of the Winnipeg strike leaders recently arrested and still awaiting trial, is now on a tour of the eastern provinces to raise funds for the eight leaders, including himself, while

awaiting trial. Dick Johns, another of the eight, is performing a similar mission in the west, and will address a public meeting in the Blairmore opera house on the night of October the 15th, dealing with the subject: "Democracy on Trial." A collection will be taken for the Winnipeg defence fund.

Someone has most wisely written: "Every man should have a graveyard of his own." In it he should bury all his mean thoughts, his hatreds, his animosities and his evil aspirations—bury them so deep there can be no resurrection. If you hear a bit of malicious gossip, bury it. If you have been nursing a feeling of hatred towards somebody for years, bury it. And when you have finally filled the graveyard with the worst that was in you, then you will find the world and all that goes to make it up a much better place to you than ever before.

Twelve American-owned steamships, aggregating 70,000 dead-weight tons and valued at more than \$10,000,000, the property of a German subsidiary of the Standard Oil Company of New York, have been ordered from German ports to the Firth of Forth for allocation among the allied and associated nations recently at war against Germany. It is understood that if they are allocated, the division will be approximately as follows in tons: France 23,000, Italy 10,000, Belgium 12,000, Great Britain 12,000, and the United States 4,000.

In Brazil there is a variety of magnolia which, for a few weeks of the year, opens and closes at the same hour every day, regardless of both light and temperature. Certain of the natives, who have neither clocks nor watches, gauge time by this flower.

Education Pays on The Farm!

Statistics show that farmers who have an education make larger incomes than those who have received but little schooling. An education is more necessary now than it was thirty years ago. Farming has changed greatly in this period. Then, farmers cut their grain with a cradle, bound it by hand and threshed it with a flail. They ground their grain between stones and lifted the water out of the well with buckets. They treated their roadside crops for "hallow horn" and "wells in the tail," and planted their grain "in the moon." The horse and the ox were their only means of transportation. The farm houses had no conveniences: houses were lit with candles; the kitchen equipment consisted largely of hard work. Now, the farmers have larger farms, they cut and bind their grain with binders and threshers with engine-driven separators. They frequently plow with tractors and many own automobiles. They select varieties of grain that are known to give larger returns than the ordinary varieties. They treat their seed to control disease and plant at rates per acre, which experiments have shown to give maximum yields. They select improved types of breeding animals and feed their stock in accordance with knowledge derived from the chemistry of foods. The farm houses have been greatly improved. To keep up with the times and to make the most money from the farm one should know how to farm in accordance with the most improved methods. You can learn these methods at the Old School of Agriculture. Education pays; you can learn in a few months what it would take years of experience to give you. Talk with any ex-student regarding the value of the course.

Classes in Agriculture and Domestic Science commence on October 20th. For particulars write: F. S. GRISDALE, Principal School of Agriculture, Old, Alberta.

Charges were made before the board of commerce at Montreal that restaurants were charging fifteen cents a slice for apple pie; that faster teeth manufactured at \$5 a set were sold at 200 per cent profit; that sugar was retailed at 13 cents a pound in many cases and could not be secured at all unless other goods were purchased in others, and that brand was sold at excessive prices. It was urged that there should be control of the prices of

"The End of a Perfect Day"

The story of "Paddywack" or "The End of a Perfect Day," the clean and invigorating play to be given at the Blaimore Opera House by the Colonial Comedy Company Ltd., New York cast, is of special interest at this time. The girl known as "Paddy" is an Irish girl, brought to England by her grandfather at the death of her parents. He died, leaving Paddy his cottage and a small annuity, but to the guardianship of Vicar Mayfield, who practically reared and nurtured her, guarding her very strictly. Lord Sutton, Squire of the little English village, falls in love with Paddy, but is not encouraged by the Vicar, who fears he will tire of her—she being of lower station than Lord Sutton.

An adventures, Mrs. Chesterton and her daughter, who is most unlike her mother—being a very charming and honest girl, arrives at the cottage, pretending to be the sister and niece of the dead grandfather. Mrs. Chesterton knows that the old man left quite a fortune and is determined to locate it, contenting the Will as sister of the dead man (though she lies). She is very unkind and cruel to Paddy, though Helen, her daughter, becomes her staunch support and friend. Paddy eventually discovers Mrs. Chesterton's plan, and after finding her ransacking desks, boxes, etc. She knows there is something wrong, but cannot make out what. She confides her suspicions to the Vicar, who determines to watch.

Lord Sutton has met Mrs. Chesterton in London and knows her reputation as a woman of mystery and shady actions. Lord Sutton, (who is known as the "Stranger" to Paddy, who has no idea of his title) invites the ladies to dinner at the Castle. Mrs. Chesterton refuses to go as Paddy is going, and is made more angry at finding that the celebrated jockey, in love with her daughter, has followed them to England. Paddy, sharing the lovers' secret, suddenly announces the secret marriage of the two. The girls and the jockey go to the dinner. Mrs. Chesterton is left behind and in their absence she ransacks all the desks.

Paddy runs away from the Castle on discovering the deceit of Lord Sutton passing himself off as a "Stranger." Mrs. Chesterton and she have a row about the hidden money. In a rage Mrs. Chesterton tries to kill Paddy. When cornered she confesses. Paddy forgives her and all ends in Wedding Bells.

The Company is an all-star cast all its own scenery and settings, which are most beautiful.

Practically every Canadian soldier killed on the Western Front during the great war will have decent burial in a proper cemetery with the grave marked plainly and suitably, says E. J. Glenek, of Vancouver, who spent several months as Y.M.C.A. secretary with the Canadian War Graves Detachment until that unit was disbanded and the work turned over to the British authorities for completion. Mr. Glenek says the work is being done most thoroughly, not the slightest sign that would indicate the presence of a body underneath being missed by the successive waves of men who search every foot of the ground. The Y.M.C.A. had three secretaries with the detachment, each equipped with a moving picture machine, a tent for reading and recreation room, and a canteen.

Cunard Line has Bought Imperator

Announcement is made from the Cunard offices in New York that the former Hamburg American liner Imperator had been acquired by the Cunard Steamship Company, Limited, under assignment from the British ministry of shipping and at the earliest practicable date would sail under the Cunard house flag from New York to England. It is probable that in due course, the Imperator will join the two famous Cunarders "Aquitania" and "Mauretania" in providing a weekly service from New York to Cherbourg and Southampton.

It will be recalled that the Imperator, one of the largest ships in the world, was in Hamburg when the war broke out and stayed there until after the signing of armistice. Then she was assigned to the work of repatriating American troops. When she was launched shortly before the beginning of hostilities the Imperator received wide attention because of the luxurious nature of her appointments and her enormous size. She is 919 feet long, has a beam of 90 feet, is of 50,000 tons register and 82,000 horse power. There are nine decks from the water line to the bridge, and they contain a Pompeian bath and swimming pool, a complete Turkish bath establishment, a gymnasium, an a la carte restaurant and winter garden in addition to the usual public rooms. The Imperator is at present in dock in the Hudson river, refitting before assuming her new role as a passenger ship. An announcement as to her sailing date will be issued by the Cunard line.

Those Examination Papers

The following extracts are from examination papers recently filled out at the local school:

"Queen Elizabeth was one of the early English queens who lived until she died. A good many others were murdered."

"A foreigner has to be a native of Alberta before he can vote."

"Malicious is something pertaining to the militia."

"An oasis is one of those places where anybody can get a drink."

"An average is what the hen in the arithmetic lays an egg a day on."

"He was seventy years old and looked twice his age."

"With one hand he caressed her hair and with the other he said, 'on this helmet waves a missing plume.'"

"He screamed in silent rage."

A special meeting of the local school board was held on Wednesday evening for the purpose of finally considering the passing of a debenture by-law for the purpose of raising money to provide necessary accommodation for the present enrolment of the school. The board figures that the expenditure of \$1500 now in temporary quarters that would at any time return face value would avert the necessity of adding a costly two-room addition to the main school building next year.

Mr. and Mrs. S. J. Lamey announce the arrival on Tuesday of a baby son.

Throbbing Headache Made to Disappear Over Night

Follow This Advice and You'll
Get Relief Quick

Headaches are caused by the accumulation of poisons in the blood. The cure is not difficult. First, cleanse the entire intestinal tract.

Second, stimulate the action of the kidneys and liver.

Third, keep the pores of the skin open.

Lastly, regulate the bowels and avoid constipation as you would the plague.

The remedy is Dr. Hamilton's Pills, which cause the dirtiest headache ever known.

In fact, people who use Dr. Hamilton's Pills never have headaches, because they regulate the system so thoroughly that no chance is given for a sick condition to develop.

Away with your headaches, be done with dizziness, languor and biliousness—use Dr. Hamilton's Pills, and enjoy the health that they alone can bring. Contain nothing but vegetable extracts and juices, and are absolutely safe for children, women or men. Get the genuine Dr. Hamilton's Pills in yellow boxes. 25c each.

THE COW PUNCHER

Arrangement.

(Continued.)

"I never saw anything on four feet I couldn't drive," said Dave, "and if you're willing to take a chance, I am. When do we start?"

"First lesson tonight. Second lesson Thursday night. First drive Sunday." Mr. Duncan did not explain that he wanted to know the boy better before the drives were commenced, and he felt that two nights together would satisfy him whether he had found the right man.

Dave hurried back to the coal-yard and completed the day's work in high spirits. It seemed he was at last started on a road that might lead somewhere. After supper he surprised his fellow laborers by changing to his Sunday clothes and starting down a street leading into the residential part of the town. There were speculations that he had "seen a skit."

Mr. Duncan met him at the door and showed him into the living room. Mrs. Duncan, plump, motherly, lovable in the mature womanliness of forty, greeted him cordially. She was sorry Edith was out; Edith had a tennis engagement. She was apparently deeply interested in the young man who was to be her coachman. Dave had never been in a home like this, and his eyes, unaccustomed to comfortable furnishings, appraised them as luxury. There were a piano and a phonograph; leather chairs; a fireplace with polished bricks that shone with the glow of burning coal; thick carpets, springy to the foot; painted pictures looking down on gilded frames. And Mr. Duncan had said he was not rich. There was more than that; there was an air, a spirit, an atmosphere that Dave could feel although he could not define it; a sense that everything was all right. He soon found himself talking with Mrs. Duncan about horses, and then about his old life on the ranch, and then about coming to town. Almost before he

knew it, he had told her about Reenie Hardy, but he had checked himself in time. And Mrs. Duncan had noticed it, without comment, and realized that her quest was not a boy, but a man.

Then Mr. Duncan talked about gardening, and from that to Dave's gardening to the coal-trade, and from that to coal itself. Dave had shovelled coal all winter, but he had not thought about coal, except for something to be shovelled and shovelled. And as Mr. Duncan explained to him the wonderful provisions of nature; how she had stored away in the undiscovered lands billions of tons of coal, holding them in reserve until the world's supply of timber for fuel should be nearing exhaustion, and as he told of the immeasurable wealth of this great new land in coal resources, and of how the wheels of the world, traffic and industry, and science, even, were dependent upon coal and the man who handled coal, Dave felt his breast rising with a sense of the dignity of his calling. It was no longer dirty and grimy; it was part of the world; it was essential to progress and happiness—more essential than gold, or diamonds, or all the beautiful things in the store windows. And he had had to do with this wonderful substance all winter, and not until tonight had he fired the divine spark of his imagination. The time ticked on, and although he was eager to be at work he almost dreaded the moment when Mr. Duncan should mention his lesson. But before that moment came there was a ripple of laughter at the door, and a girl in tennis costume, and a young man a little older than Dave, entered.

"Edith," said Mrs. Duncan. Dave arose to shake hands, but then his eyes fell on her face. "Oh, I know you," he exclaimed. "I heard you sign yesterday."

Slowly he felt the color coming to his cheeks. Had he been too familiar? Should he have held that back? What would she think? But then he felt her hand in his, and he knew it was all right.

"And I know you," she was saying. "I saw you," she stopped, and it was her turn to feel the rising color. "Yes, I know what you saw," he took up her thought. "You saw me get up and go out of church because I wouldn't be a listener to a man say that God punished the innocent to let the guilty go free. And I won't! There was a moment's silence following this outburst, and Mr. Duncan made a new appraisal of his pupil. Then it was time to introduce Mr. Allan Forsyth. Mr. Forsyth shook hands heartily, but Dave was conscious of being caught in one quick glance which embraced him from head to heel. "The glance was satisfied—self-satisfied. It was such a glance as Dave might give a horse, when he would say, 'A good horse, but I can handle him.' It was evident from that glance that Forsyth had no fear of rivalry from a that quarter. And having no fear he could afford to be friendly."

Dave had no distinct remembrance of what happened just after that, but he was conscious of an overwhelming desire to leave Mrs. Duncan singing. How like Reenie she was! And just as he was beginning to think Mr. Duncan must surely have forgotten his lesson, he heard her asking him if she should sing. And then he saw Forsyth at the piano—why couldn't he leave her to do it herself, the butt-in?—and then he heard her fine silvery voice rising in the notes of that song about the land where the sun should never go down. . . . And suddenly he knew how lonely, how terribly lonely he was. And he sat with head bowed that he might not know. . . . And then there were other songs,

CURED HIS RHEUMATISM!

"I am eight-three years old and I doctored for rheumatism ever since I came out of the army, over 20 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Dr. Williams' Pink Pills' and I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change." You might just as well attempt to put out a fire with oil as try to get rid of your rheumatism, neuritis and like complaints by taking treatment supposed to drive it out of your blood and body. It took Mr. Ashmun five years to find out the truth. He learned how to get rid of the trouble by the use of Dr. Williams' Pink Pills. He recovered his strength from "The Inner Mystery," now being distributed by an authority who devoted over twenty years to the scientific study of this trouble. Any reader of this paper wishes "The Inner Mystery of Rheumatism" overhauled by doctors and scientists for centuries past, simply send a post card or letter to H. P. Clearwater, 415 A. Street, New York, N. Y. Send now, lest you forget! If not a sufferer yourself, cut out this notice and hand this good news and opportunity to some afflicted friend. All who send will receive it by return mail without any charge whatever.

and at last Mrs. Duncan, who had slipped away unnoticed, returned with a silver teapot, and cups of delicate china, and sandwiches and cake, and they sat about and ate and drank and talked and laughed. And Edith refilled his cup and sat down beside him, leaving that Forsyth quite on the opposite side of the room. And suddenly he was very, very happy. And when he looked at his watch it was eleven o'clock!

"I guess we didn't get any lesson tonight," he said, as he shook hands with Mr. Duncan at the sidewalk. "I am not so sure," replied Mr. Duncan. "The first thing for you to learn is that all learning does not come from books. A good listener can learn as much as a good reader—he listens to the right kind of people." As Dave walked home that thought deepened in him that it really had been a lesson, and that Mr. Duncan had intended it that way. And he wondered what remarkable fortune had been his. The air was full of the perfume of balsam-oiled, and his feet were light with the joy of youth. And he thought much of Edith, and of Reenie Hardy.

In subsequent lessons Dave was rapidly initiated into many matters besides proper manners and conversation. Mr. Duncan placed the first and greatest emphasis upon learning to write, and to write well. They had many philosophic discussions, in which the elder man sought to lead the younger to the acceptance of truths that would not fail him in the strain of later life, and when a conclusion had been agreed upon, it was Mr. Duncan's habit to embody it in a copy for Dave's writing lesson. One evening they had a long talk on success, and Mr. Duncan had gradually stripped the glamor from wealth and fame and social position. "The only thing worth while," he said, "is to give happiness. The man who contributes to the happiness of the world is a success, and the man who does not contribute to the happiness of the world is a failure, no matter what his wealth or position. Every man who lives long enough, and has brains enough, comes to know this in time. And those who have not brains enough to know it are the greatest failures of all, because they think they have attained success, and they have only been bunched with a counterfeiter."

"But a man who has money is in a position to give more happiness than one who hasn't," objected Dave. "Think of all the things a man with a million dollars can do to make people happy—like paying for libraries, and giving excursions to poor children, and things like that. So, in order to make people happy, wouldn't the first step be to make money, so it could be spent in that way?"

(To Be Continued.)

Grain Standard Board

The Setting Of Standards To Cover
The Grain Affected
By Rust

Winnipeg.—The Western grain standards board has completed its work and the members have gone their several ways for another year. Practically the only business before the board was the setting of standards to cover the grain affected by rust. The three grades of four five and six "special," adopted to cover the rusted crop of 1916, were adopted again this year.

On the whole, the samples sent in showed less damage from rust than in 1916. The samples before the board were thoroughly representative to the three prairie provinces.

Russia possesses the longest canal in the world. It starts at Petrograd and goes to the frontier of China, 4,500 miles.

Minimum Prices For 1919 Wheat Wheat Crop Will Be Sold Through the Canadian Wheat Board

This season's wheat crop of Canada will be sold through a board, called the Canadian Wheat Board. This Board, which has been appointed by the Dominion Government, has been instructed to buy all the wheat in the terminal markets and resell it both in Canada and abroad. An advance is to be made to the farmer of the following minimum prices for his wheat on delivery. These prices are based on prices of grain in store in Port William or Port Arthur, and the difference between these and any higher prices that may subsequently be obtained will be remitted to the farmer when the wheat is sold, as explained below.

No. 1 Hard\$215
No. 1 Northern215
No. 2 Northern212
No. 3 Northern208
No. 1 Alberta Red Winter215
No. 2 Alberta Red Winter212
No. 3 Alberta Red Winter208
Rej. No. 1 Northern204
Rej. No. 2 Northern201
Rej. No. 3 Northern196

Smutty No. 2 Northern203
Smutty No. 3 Northern199
Special No. 4202
Special No. 5191
Special No. 6181

Prices on other grades are to be announced later.

Sellers of grain will receive a "participation certificate" showing number of bushels of wheat sold. This certificate will be registered with the Wheat Board by the grain firm issuing it, and after registration they will deliver it to the original shipper of the grain. This certificate will then entitle the holder to whatever surplus the Wheat Board distributes, in accordance with the number of bushels shown.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

Canada Must Act Soon

To Receive Gift From France and Belgium

London.—Some time ago the Belgian Government presented Canada with a splendid site at Menin Gate, Ypres, for the erection of a Canadian Hall of Records as a memorial of Canadian fighting in the Ypres salient. The French government also offered several acres of Vimy Ridge for the same purpose.

It is learned that the mayor of Vimy has written intimating that, while he has been instructed to allocate a site for this purpose, he has not yet heard whether the Canadian Government intend to accept the gift of the Belgian Government, and is also uncertain whether the French offer will be accepted.

Unless something is done without delay these sites may pass under the control of the British imperial authorities.

Holding Germany Responsible

Paris.—The supreme council has agreed to send a note to Germany saying the peace conference disregards the representations that Gen. von Goltz and the German troops in the Baltic states are not under German control, and holding Germany responsible for the withdrawal of those forces.

Marshal Foch attended the council as adviser on the Baltic situation.

Two thousand three hundred silk worms are necessary to produce two pounds of silk.

For Table Use and All Cooking Purposes
Everybody's happy when there is Corn Syrup on the table. Do you know that there is a White Syrup as well as the delicious, golden

CROWN BRAND CORN SYRUP

Crown Brand is unequalled as a Syrup for Pancakes, Muffins, as a spread for bread, for making candy, sauces, and in cooking, generally.

LILY WHITE CORN SYRUP

Best for Preserving and Marmalade making. It is a clear white color and "jells" excellently!

The Canada Starch Co., Limited
Montreal 209

Increase In British Shipbuilding Returns

Largest Increase Has Taken Place
on the Clyde

London, England.—Quarterly shipbuilding returns from Lloyds' show that at the end of June 2,524,050 tons was the total for the United Kingdom, which represents an increase of 269,000 tons. The largest increase has taken place on the Clyde, where there are now 892,467 tons under construction. The total building abroad—5,493,717 tons—is slightly lower than the total building of the end of March, and this is due to a decrease in the wood tonnage building in the United States. The world's total, 8,017,767 tons—is about 21,000 tons higher than the March figures.

Explains Why Germany Lost

Berlin.—In his forthcoming book dealing with events from 1914 to 1916, General Von Falkenhayn, former chief of staff of the German army, complains of the government's failure to adopt his proposals in 1915 for the inauguration of peace negotiations with Russia. He also blames the government for its delay in beginning submarine warfare, whereby, he says, the German people were deprived of a "sure and effective weapon."

To Represent Canada

Ottawa.—The appointment is gazetted of Sir Edward Keir, K.C.M.G., and Sir Charles Pelley, K.C.M.G., as plenipotentiaries of the Canadian government with power to conclude and sign treaties, covenants or agreements, in respect to the peace congress. The appointments are effective as from January 1, 1919.

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money but write me today for free trial treatment. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. M. SUMMERS, Box 966 Windsor, Ont.

British Ship at Hamburg

Hamburg, Germany.—The British steamer Weimar, with a general cargo, has arrived here. This is the first British ship to enter the port of Hamburg since the outbreak of the war.

"CARRY ON!"

If Constipated, Bilious or Headachy, take "Cascarets"

Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half-sick bodies. They work while you sleep.

When you meet a man who is thoroughly content, you see one where ambition has gone to bed.

Let a woman have her will, and she'll give herself away.

Old Age Deferred

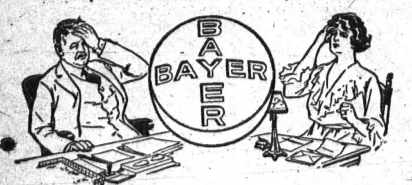

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rose) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin, the pure Bayer Aspirin ascribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—Bayer—You must say "Aspirin" in the trade name. Bayer Manufacture of Monocarbonyl-diethylamide. While it is well known that Aspirin means Bayer manufacture, it is not known that Aspirin means Bayer manufacture, with their general trade mark, the "Bayer Cross."

Wm. L. Douglas

was the first American to achieve his ambition of becoming a millionaire at making shoes. He knew shoes from the age of 7 when he was "bound out." His apprenticeship over he went to work for 35 cents a day.

Strenuous application to his life's purpose, coupled with an labor sense of thrift and economy brought success to Douglas.

We extend to young men a cordial invitation to establish banking relations with us.

Of Local and General Interest

In covering up his tracks, a man unfortunately makes a whole lot more.

Germany's financial programme calls for the raising of \$6,350,000,000 annually.

Sergt. Grant, of the R.N.W.M.P., recovering from a severe attack of erysipelas.

James Haddad, of Haddad Bros., Bellevue, is confined to his home through illness.

Kisses are five dollars each in Western Canada—same price as before the war.

The curfew bell has been started in Vulcan, to keep the children under 16 off the streets.

Frederick Chaney, inspector of the R.N.W.M.P. at Regina, died at Lethbridge on Saturday morning last.

A son has arrived at the home of Major Wallace Sharp, D.S.O., Croix de Guerre, and Mrs. Sharp, at Pincher Creek.

Automobiles are now permitted to run at large in Wales (not whales) provided they are preceded by the driver on foot.

W. M. Campbell, K.C. of Macleod, was taken ill while in Pincher Creek last week and had to enter hospital there for treatment.

Newell S. Brown, former principal of the Blairmore public school, is now doing missionary work for the Mormon church in New Zealand.

Mrs. Shread, of Pincher Creek, who had been visiting her daughter, Mrs. MacAdam, at Bellevue, returned to her home on Saturday night last.

Mr. Gregg, advance manager for the Colonial Comedy Company, of New York, was here today making arrangements for the appearance here on Wednesday night next of "The End of a Perfect Day."

Mr. and Mrs. MacAdam leave Bellevue for Airdrie this week, where Mr. MacAdam has been assigned the management of the Airdrie branch of the Union Bank of Canada.

"Sargent was a great artist," said the teacher of the drawing class. "With a stroke he could change a smiling face into a frowning one." "That ain't nothin'," piped up Johnny. "Me mother does that to me lots of times."

The Hon. George P. Smith, minister of education, is to attend the South Alberta teachers' convention at Lethbridge on November the 6th and 7th, and will address a public meeting on "Education in Alberta."

A local man, writing to his wife on Saturday last, started helplessly this way: "Dear Wife—I now take my typewriter in hand, etc." Wife has read between the lines and there will be hell-a-poppin' when he returns.

On the eve of his departure from Coleman, a number of friends tendered Mr. Bosworth a farewell party at the Empire Hotel. Mr. Bosworth, who for a number of years has filled the position of purchasing agent with the International Coal & Coke Company at Coleman, has been transferred to Winnipeg, where he will act as resident coal agent for the same company.

The automobile gets the blame for everything. A man lay in the middle of the street one night, surrounded by a large crowd. A woman pushed her way into the crowd and said: "Poor fellow, poor young fellow, I suppose an automobile ran into him." "No, ma'am," said a policeman, "it wasn't an automobile that ran into him this time." "What was it, then?" said the old lady. "It was a keg, or maybe a keg and a half of beer," replied the policeman.

Mrs. H. E. Lyon has been seriously ill with typhoid fever at Calgary.

The annual Thanksgiving service will be held at the Union church on Sunday, October 12th, at 7.30.

Rev. W. T. Young returned from Ireland on Sunday morning, looking well after a sojourn among the Sinn Feiners.

In spite of prohibition, crime increased in Chicago in August over June, and increased 53 per cent over August of 1918.

We asked Doc Olivier why he was allowing a boil on his neck to grow to a head. He replied, "Two heads are better than one."

The stork has blessed the home of Mr. and Mrs. Alex. McEachy with a nine-pound son. He carries a bat in the south paw and sits on the second base. Some referee!

Capt. W. A. Beebe left here on Sunday night last on a business visit to Bay City, Michigan. While in Bay City, "Cap" will practice the step to be taught the Prince of Wales at the great State dance to be tendered him shortly in Washington.

A citizen whose daughter is about to be married, and who has been trying to get a line on what the expense of the rather elaborate ceremony would be, approached a friend of his, seeking information. "Maurice," he said, "your oldest daughter was married about five years ago, wasn't she? Would you mind telling me how much the wedding cost you?" "Not at all, Henry," was the answer. "Altogether about five thousand a year."

Archie McLeod went to Lethbridge the early part of the week to arrange for the Prince's body-guard.

The ranches and stock of Wm. Robinson and Anthony Wardman, near Burma, changed hands this week for good prices.

It is rumored that Hon. Sir Edward Kemp, overseas minister of militia, shortly will be appointed lieutenant-governor of Ontario in succession to Sir John Hendrie, whose term has expired.

The first annual ball of the local Crowview Rebekah Lodge will be held in the opera house on Thanksgiving night, Monday, October the 13th. Music will be furnished by Anderson's five piece orchestra.

By-Law No. 4

A BY-LAW relating to the issue of Debentures of the BLAIRMORE SCHOOL DISTRICT NO. 628, of the Province of Alberta.

WHEREAS it is necessary and desirable that the sum of FIFTEEN HUNDRED DOLLARS, (\$1500.00) should be borrowed on the security of the BLAIRMORE SCHOOL DISTRICT NO. 628 of the Province of Alberta, for the purpose of purchasing ground and building and equipment for same, repayable to the bearer in Ten equal annual instalments with interest at not more than Six (6) per centum per annum.

Now, therefore, the Board of Trustees of the said District enacts as follows:

(1) That the necessary proceedings be taken under the School Ordinance to obtain the sanction of the Board of Public Utility Commissioners of Alberta to the said loan.

(2) That upon the Board of Public Utility Commissioners authorizing, in writing, the Board of Trustees to borrow the said sum, pursuant to the said Ordinance, debentures of the said District be issued for such amount as is so authorized payable to the bearer in Ten equal consecutive annual instalments, with interest at not more than Six per centum per annum, payable annually, and said debentures shall be executed by the Chairman and Treasurer of this Board.

FRANK WRIGHT,
Secretary.
ALLAN HAMILTON,
Chairman.

Certified a true copy,
F. WRIGHT, Secretary.

Adeline Patti, the prima donna, died on Saturday last at Penycuik, South Wales. She is reputed to have left an estate valued at more than \$3,000,000.
